

**Corporate Presentation**

Imagine an admirable space.

Imagine how people will feel as they walk in, even before making the first mock-up. Hear the audience applaud before placing the first brick.

Imagining admirable spaces is as admirable as making them a reality.

At Figueras Group, we know about the intense emotions that people experience in the spaces we join forces to develop. That is why we want to continue contributing our know-how, experience, hard work and passion since 1929 to make them happen.

We apply innovation, design and engineering to craft unique fixed and movable seating solutions. Solutions in perfect harmony with the projects. Solutions that foster the unfolding of all the excitement we imagined when we designed them together with our partners. And we want to continue developing many more. That is why along the time we have become experts in Made to Measure Artisanal craftsmanship and industrial and mechanical engineering.

For Figueras Group there are no big or small projects, just new challenges to approach with respect and passion. That is why, when professionals from all over the world allow us to be part of their projects, projects into which they invest all their efforts and creativity, all we can do is thank them and give to their projects the best of ourselves.

Figueras Seating is a registered trademark. All products and brands displayed in this catalogue are registered and patented internationally.

**Figueras** offers an integral range of bespoke public seating, answering any project's demand coordinated among its specialized Seating Solutions Units

## Fixed Seating

Our large Fixed Seating collection has been designed with detailed attention to ergonomics and comfort but always bearing in mind aesthetics design and functionality.

At Figueras we are devoted to research into materials, acoustic and innovative solutions in order to achieve the highest standard of quality, safety and comfort.

## Made to Measure

Lead by architects, acoustic engineers and theatre consultants, Made to Measure is Figueras' answer to the growing demand in the high end seating market for product personalization.

There are no limits for our Made to Measure team when it comes to personalization; we are committed to provide the most tailored seats according to our client's needs.

## Cinema

The movie theatre experience is unique, for that reason we put our best efforts in designing and manufacturing state-of-the-art cinema seats that will make this experience unforgettable.

With more than 90 years in the cinema seats industry, our seats have been installed in the best Movie Theatres over the world. We are experts in designing the most comfortable and stylish seats with a special focus in durability and functionality.

## Movable Seating Solutions

Right from the start of a project, our team of experts gives advice in choosing the most appropriate engineering solutions to make the most of any venue.

The application of our seating expertise delivers a seating solution that succeeds not only in space profitability but also in offering quality, safety, reliability and comfort.

## Waiting Areas

We have been setting the standard for public space seating, installing well-designed, comfortable and durable benches for waiting areas such as airports, healthcare, railway stations, cruise and ferry terminals.

The company's adaptable and durable seating solutions highlight our work to maximise the performance of our seating solutions and deliver new innovations to market.

## Stadiums & Arenas

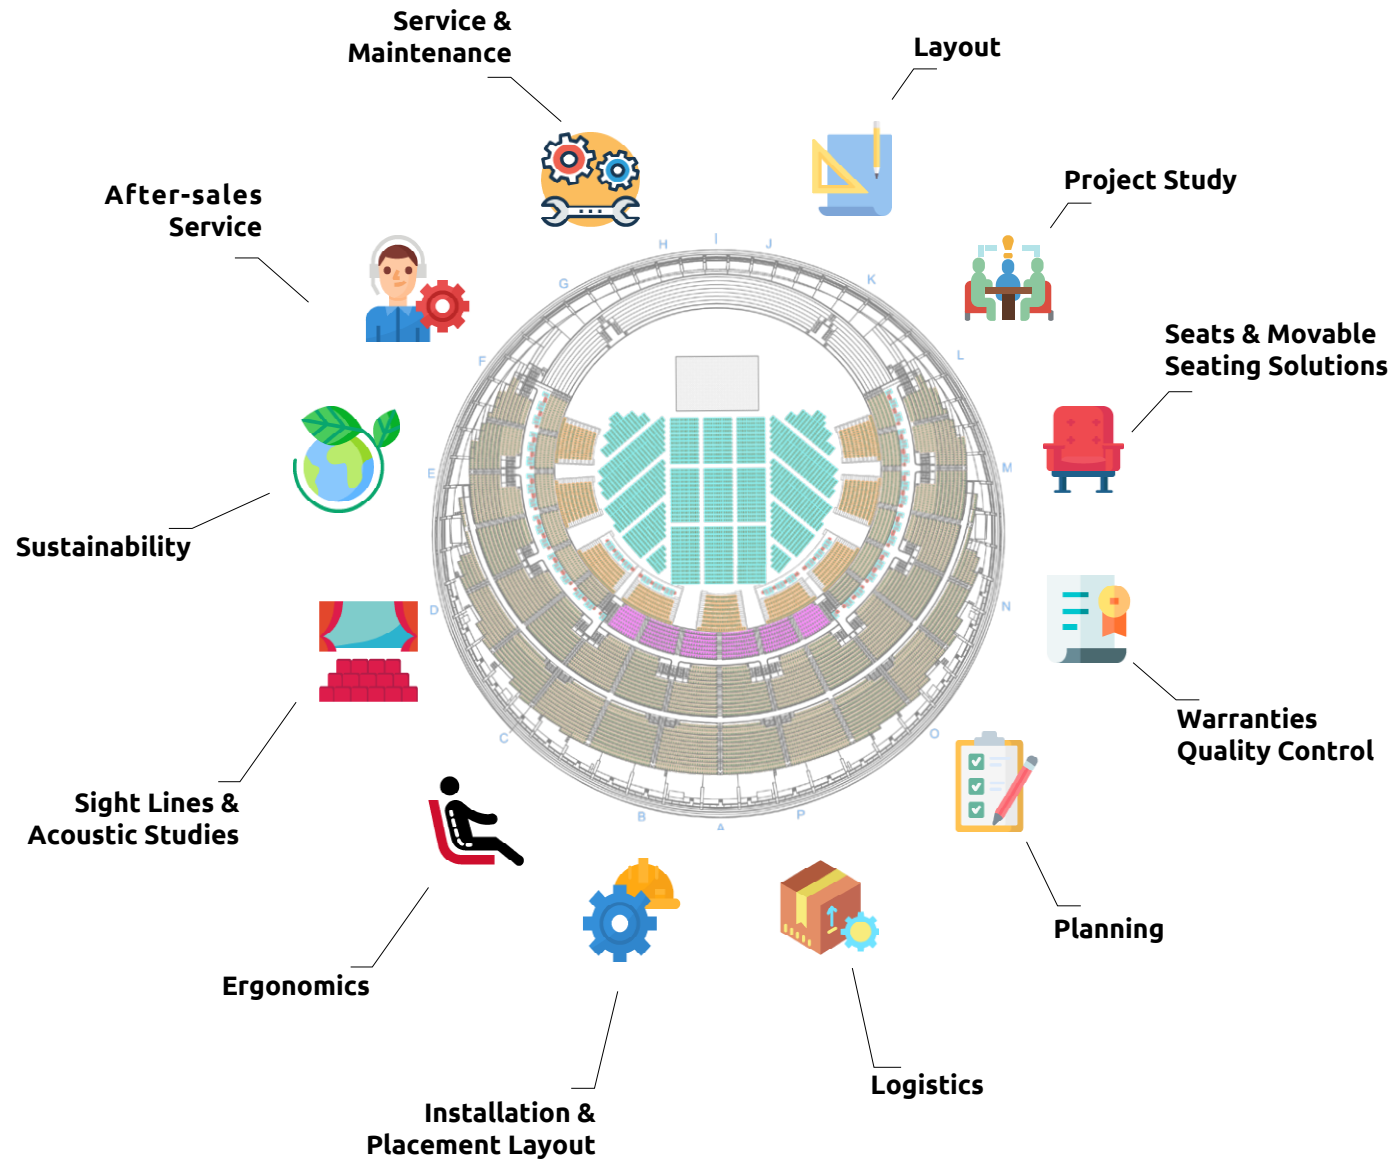

Figueras' stadium and arena seats meet the needs of every project by offering seating solutions with special care on comfort, acoustics, style and functionality.

We are committed to create the most inspiring and exciting environment for spectators but always caring for an optimal and safe environment.

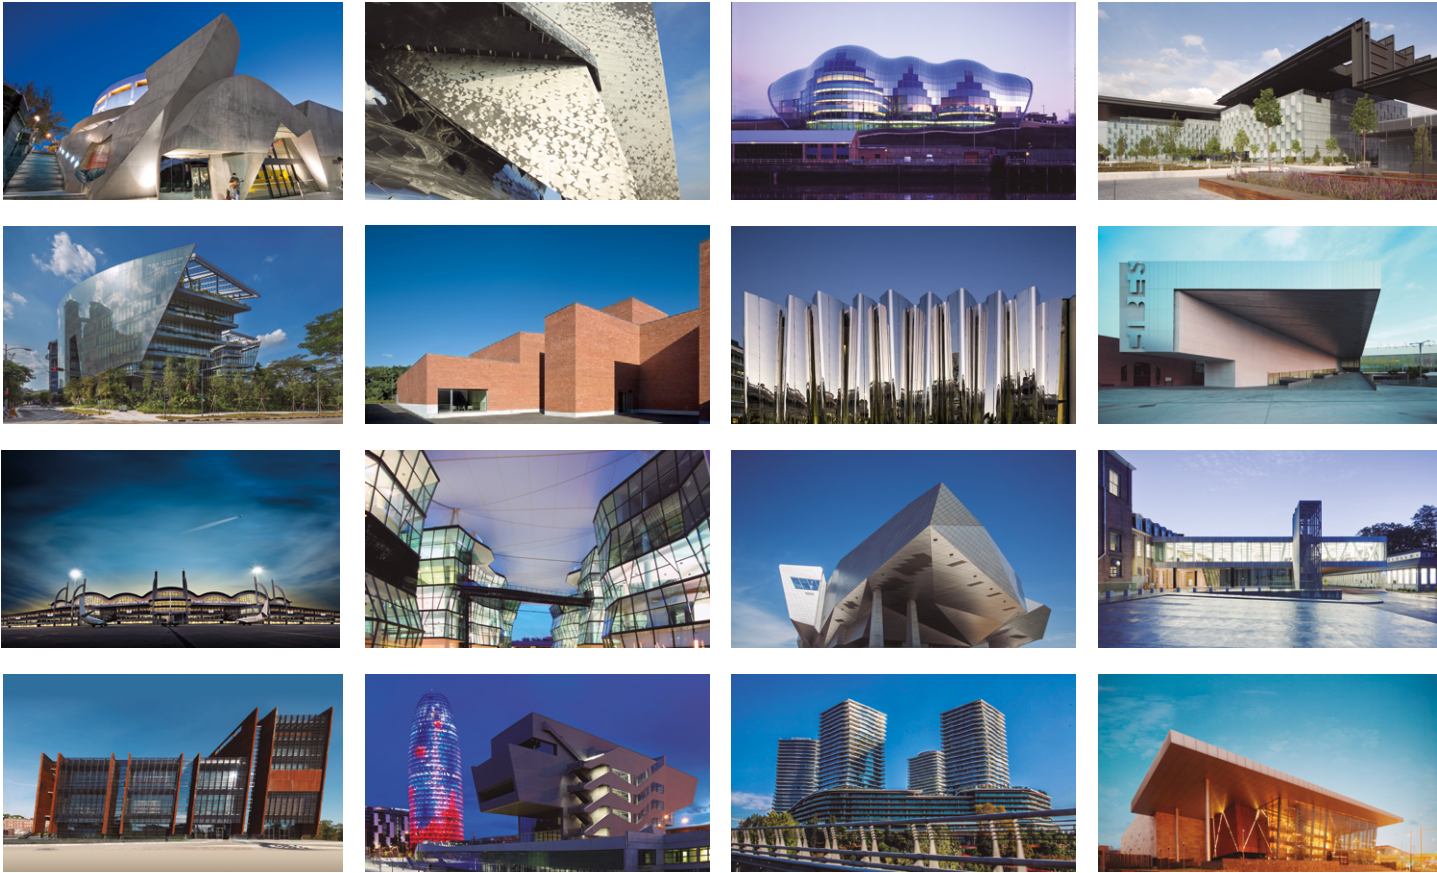

**Figueras** is committed to deliver and execute a 360° service in house across the project development process
